This report is for informational purposes only and should not be used to plagnose, treat or prevent any disease. Results are only for samples and batches indicated. Results are reported on an 'as received' back, indicated on therwise, when a das/real status is reported, that status is intended to be in accordance with redeard, state and local lows which are required for the customer to be in compliance. The measurement of uncertainty is own included in the Pass/Fail status is reported. Measurement of uncertainty is own included in the Pass/Fail status is reported. Measurement of uncertainty is not included uncertainty is not included uncertainty is not included in the Pass/Fail status is reported. Measurement of uncertainty is not included in the pass/Fail status is included.
